Our Testimonial

This is to certify that we had received a testimonial from:

Name	Kaki DIY
Datetime	2021
Channel	Google Search & Google Maps
Relations	Customer
Statement	A software house like no other. Seriously! Have you all experienced working with a developer or software house that is just doing what you ask them to? Those that are lack of imagination, initiative or even experience? Well, ZORALab is nothing like this!! What impresses us a lot is the customer experience aspect of ZORALab, making sure they fullfill our requirements and much more! Recommended us what's best for our needs and also all the modules, features and additional methods we can also apply to our business!

Hi Kaki DIY team, thanks for allowing us to collaborate with you. As part of the Maker's community, we definitely can collaborate in the future, be in for the community or for commercials. Cheers!
