

# Our Testimonial

This is to certify that we had received a testimonial from:

**Name** Rainie Kwan

**Datetime** 2020

**Channel** Google Search & Google Maps

**Relations** Customer

**Statement** Kean Ho himself personally are friendly and clam when I called to explain my issue on company's IT issue. Personally, expired domain together with Gsuite and other party were hard to synchronize the control for me. It was too technical for me due to multiple parties control yet Kean Ho was fast catcher when I explain how I can't renew them even after I paid and make mistake on account status. Within days he solve the conflict and untied all the confusion. Then, slowly he settle one case by case for us. The best thing is that after solving everything, he prepared a report to us on explaining everything throughout. Additionally, he also guide us how to improve our securities on own account privacy and we are keen and looking forward to let him handle the IT part afterall. He is responsible and efficient. =)
